TEST BOOKLET
GENERAL STUDIES
PAPER - I

Time Allowed: TWO HOURS

Maximum Marks: 200

I N S T R U C T I O N S

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES NOT HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOK.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number and Test Booklet Series A, B, C or D carefully without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Name, Email Id and Mobile No. on the test booklet in the Box provided alongside. *DO NOT* write anything else on the Test Booklet.

Name:
Email Id:
Mobile No:
4. This Test Booklet contains **100** items (questions). Each item is printed in **English**. Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose **ONLY ONE** response for each item.
5. You have to mark all your responses **ONLY** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. **All** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet as per instructions sent to you with your Admission Certificate.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator *only* the *Answer Sheet*. You are permitted to take away with you the Test Booklet.
9. Sheets for rough work are appended in the Test Booklet at the end.
10. **Penalty for wrong answers:**
 THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN THE OBJECTIVE TYPE QUESTION PAPERS.
 - (i) There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, **one-third** of the marks assigned to that question will be deducted as penalty.
 - (ii) If a candidate gives more than one answer, it will be treated as **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
 - (iii) If a question is left blank i.e., no answer is given by the candidate, there will be **no penalty** for that question.

Q.1) At which of the following places are the Major Rock Edicts of Mauryan king Ashoka **not** found?

- a) Dhauri
- b) Girnar
- c) Sanchi
- d) Shahbazgarhi

Q.2) Which of the following statements with regard to Shrenis (guilds) in ancient India are correct?

- I. Shrenis were the corporate associations of people engaged in the same profession such as traders.
- II. Some guilds maintained their own army called Shrenibala for protection during trade and travel.
- III. Guilds were prohibited by the state from issuing their own currency for economic transactions.

Select the correct answer using the code given below.

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.3) In the context of ancient Indian history, the archaeological sites of Sutkagen-dor and Alamgirpur are well known as-

- a) Northern-most and southern-most sites of the Indus Valley Civilization
- b) Major port cities of the Indus Valley Civilization
- c) Largest and second-largest excavated sites of the Indus Valley Civilization
- d) Western-most and eastern-most sites of the Indus Valley Civilization

Q.4) With reference to ancient Indian history, Ettutokai and Pattuppattu are the-

- a) Collections of poems belonging to Sangam literature
- b) Types of land revenue systems in early Tamil kingdoms
- c) Classifications of ecological regions described in Tamil texts
- d) Administrative manuals used by the early Chola rulers

Q.5) Consider the following rulers:

- I. Prithviraj Chauhan (Chauhan dynasty)
- II. Jayachandra (Gahadavala dynasty)
- III. Bhimdev II (Chaulukya (Solanki) dynasty of Gujarat)
- IV. Govindachandra (Gahadavala dynasty)
- V. Dharmapala (Pala dynasty)

How many of the above were ruling in different parts of North India during the attacks of Muhammad Ghori in the second half of the 12th century?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.6) With reference to Indian history, consider the following pairs:

Literary Work	Author
I. Samarangana Sutradhara	Raja Bhoja
II. Kavirajamarga	Amoghavarsha I
III. Harshacharita	Banabhatta
IV. Rajatarangini	Bilhana

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) Only three
- d) All the four

Q.7) With reference to the core teachings of Buddhism, which of the following concepts explains the origin of sufferings through a chain of twelve interrelated causes and effects?

- a) Anatta
- b) Sasvatavada
- c) Uchedavada
- d) Pratityasamutpada

Q.8) With reference to medieval Indian history, Mahmud Gawan is remembered as a distinguished Prime Minister and military commander under which of the following?

- a) Vijayanagara Kingdom
- b) Bahmani Kingdom
- c) Bijapur Sultanate
- d) Golconda Sultanate

Q.9) Which one of the following rulers of Kashmir, popularly known as the 'Akbar of Kashmir', got the Mahabharata and Kalhana's Rajatarangini translated from Sanskrit into Persian?

- a) Zain-ul-Abidin
- b) Sikandar Shah
- c) Lalitaditya Muktapida
- d) Yusuf Shah Chak

Q.10) With reference to constitutional developments during British rule in India, which one of the following Acts introduced 'provincial autonomy' in the British Indian provinces?

- a) Government of India Act, 1858
- b) Indian Councils Act, 1909
- c) Government of India Act, 1919
- d) Government of India Act, 1935

Q.11) Which one of the following Constitutional Amendment Acts provided that until the relevant figures for the first census taken after the year 2026 have been published, it shall not be necessary to readjust the allocation of seats in the House of the People to the States as readjusted on the basis of the 1971 census?

- a) 84th Constitutional Amendment Act
- b) 87th Constitutional Amendment Act
- c) 82nd Constitutional Amendment Act
- d) 91st Constitutional Amendment Act

Q.12) Consider the following statements:

Statement I: The Preamble to the Constitution of India is not a source of power for the legislature.

Statement II: The Preamble to the Constitution of India is non-justiciable in nature and cannot be enforced in a court of law.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I

- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.13) Which one of the following terms/institutions is **not** associated with the Sixth Schedule of the Constitution of India?

- a) District Councils
- b) Regional Councils
- c) Tribes Advisory Council
- d) Tribal Areas

Q.14) Which one of the following Fundamental Rights is mentioned under Article 22 of the Constitution of India?

- a) No person shall be convicted of any offence except for violation of a law in force at the time of the commission of the act charged as an offence.
- b) No person shall be prosecuted and punished for the same offence more than once.
- c) No person accused of any offence shall be compelled to be a witness against himself.
- d) No person who is arrested shall be detained in custody without being informed, as soon as may be, of the grounds for such arrest.

Q.15) Consider the following:

- I. To raise the level of nutrition and the standard of living and to improve public health.
- II. To safeguard public property and to abjure violence.
- III. To have compassion for living creatures.
- IV. To provide early childhood care and education for all children until they complete the age of six years.
- V. To strive towards excellence in all spheres of individual and collective activity.

How many of the above are Fundamental Duties enshrined in Part IV-A of the Constitution of India?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.16) Consider the following statements regarding Parliamentary Privileges in India:

- I. A Member of Parliament enjoys immunity from arrest in civil cases during the session of Parliament and for forty days before and after the session.
- II. Parliament has not enacted any comprehensive law to codify all parliamentary privileges in India.
- III. A Member of Parliament raising a question of privilege must give prior notice to the Speaker or Chairman before it can be taken up in the respective House.

Which of the statements given above are correct?

- a) I and II only
- b) II and III only
- c) I and III only
- d) I, II and III

Q.17) Consider the following statements regarding Scheduled Castes (SCs) in India:

- I. The President specifies the list of Scheduled Castes for a State after consultation with the Governor of the concerned State.
- II. The Constitution of India provides a definition of "Scheduled Castes" based on historical practice of untouchability.
- III. The Constitution provides for reservation of seats for Scheduled Castes in the House of the People and the State Legislative Assemblies.

Which of the statements given above are correct?

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.18) With reference to the Election Commission of India (ECI), consider the following statements:

- I. It has the authority to recognize political parties and allocate election symbols to them.
- II. The Chief Election Commissioner has overriding powers over the opinion of other Election Commissioners in case of disagreement within the Commission.
- III. The Election Commission may advise the President or the Governor regarding disqualification of Members of Parliament or State Legislatures under the Constitution.

Which of the statements given above are correct?

- a) I, II and III
- b) I and II only
- c) I and III only
- d) II and III only

Q.19) Consider the following statements regarding the Sustainable Harnessing and Advancement of Nuclear Energy for Transforming India (SHANTI) Act, 2025:

- I. It repeals the Atomic Energy Act, 1962 and the Civil Liability for Nuclear Damage Act, 2010.
- II. It allows private sector participation in the construction and operation of nuclear power plants while retaining strategic control of sensitive activities with the Central Government.
- III. It transfers the regulatory authority for nuclear safety from the Atomic Energy Regulatory Board (AERB) to State Governments to ensure decentralised oversight.

Which of the statements given above are correct?

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.20) Consider the following statements:

Statement I: The Supreme Court of India has held that not every private resource can be considered a 'material resource of the community' to be used by the government to serve the 'common good.'

Statement II: Constitution of India directs the State to ensure that the ownership and control of the material resources of the community are so distributed as best to subserve the common good.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.21) Consider the following statements:

Statement I: Sodium-ion batteries are considered a promising alternative to lithium-ion batteries for large-scale energy storage applications.

Statement II: Sodium-ion batteries have significantly higher energy density than lithium-ion batteries.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.22) Consider the following statements:

Statement I: The International Union for Conservation of Nature (IUCN), in its first-

ever Green Status assessment of the gharial (*Gavialis gangeticus*), has classified the species as "Critically Depleted."

Statement II: The IUCN Green Status of Species primarily evaluates the risk of extinction faced by a species.

Statement III: Although conservation programmes have prevented the extinction of the gharial, the species remains far from full ecological recovery across most of its historical range.

Which one of the following is correct in respect of the above statements?

- a) Both Statement II and Statement III are correct and both of them explain Statement I
- b) Both Statement II and Statement III are correct but only one of them explains Statement I
- c) Only one of the Statements II and III is correct and that explains Statement I
- d) Neither Statement II nor Statement III is correct

Q.23) 'Global Geoparks', sometimes seen in the news, is a flagship initiative of

- a) International Union for Conservation of Nature (IUCN)
- b) United Nations Educational, Scientific and Cultural Organization (UNESCO)
- c) Conservation International (CI)
- d) International Union of Geological Sciences (IUGS)

Q.24) Consider the following species:

- I. Sea otter
- II. Beaver
- III. Water Hyacinth
- IV. Indian Star Tortoise
- V. Starfish

How many of the above are generally considered keystone species in their respective ecosystems?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.25) Which one of the following lakes in India is **not** included in the Ramsar List under the Convention on Wetlands?

- a) Pulicat Lake
- b) Nanda Lake
- c) Wular Lake
- d) Chilika Lake

Q.26) With reference to the Global Methane Status Report 2025, consider the following statements:

- I. It is released by the United Nations Environment Programme (UNEP) in collaboration with the Climate and Clean Air Coalition (CCAC).
- II. It serves as an assessment of global progress toward the Global Methane Pledge, which aims to reduce methane emissions by 30% from 2020 levels by 2030.
- III. Globally, the energy sector is the largest contributor to anthropogenic methane emissions, followed by agriculture and the waste sector.
- IV. India is currently the world's largest methane emitter in absolute terms.

Which of the statements given above are correct?

- a) I, II and III only
- b) I and II only
- c) III and IV only
- d) I, II, III and IV

Q.27) With reference to Nilgiri Tahr, Consider the following statements:

- I. It is endemic to the Western Ghats.
- II. Females in this species are larger, darker and stronger than males.
- III. The Eravikulam National Park in Kerala, is home to the largest population of the Nilgiri tahr.

Which of the statements given above are correct?

- a) I, II and III
- b) II and III only
- c) I and III only
- d) I and II only

Q.28) Consider the following statements regarding Oxy-combustion, a technology used in Carbon Capture and Storage (CCS):

- I. It involves the combustion of fuel in an environment of nearly pure oxygen rather than atmospheric air.
- II. It does not require the use of membranes or chemical absorbents to sequester carbon.
- III. The flue gas produced in this process contains a very high concentration of carbon dioxide, often exceeding 90%.
- IV. It is currently the most widely used commercial method for Carbon Capture and Storage (CCS) globally.

Which of the statements given above are correct?

- a) I and III only
- b) I, II and III only
- c) II and IV only
- d) I, II, III and IV

Q.29) With reference to environmental conservation, which among the following is **not** an example of bioremediation?

- a) Spraying oil-degrading bacteria over an ocean surface affected by an oil spill
- b) Planting metal-accumulating plants in contaminated soil to absorb heavy metals
- c) Introducing fungi in pesticide-contaminated soil to degrade persistent organic pollutants.
- d) Passing industrial wastewater through activated carbon filters to adsorb toxic chemicals.

Q.30) Consider the following organisms:

- I. Dolphins
- II. Pangolins
- III. Penguins
- IV. Bats
- V. Crocodiles

How many of the above are warm-blooded vertebrates?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.31) Consider the following statements:

- I. The Godavari River originates from the Trimbak Hills in the Western Ghats in Maharashtra.
- II. The Narmada River originates from the Amarkantak Plateau in Madhya Pradesh.
- III. The Kaveri River originates from the Nallamala Hills in Andhra Pradesh.

Which of the above given statements are correct?

- a) I, II and III
- b) I and II only
- c) I and III only
- d) II and III only

Q.32) Consider the following pairs:

State	Description (as of February 2026)
I. Rajasthan	Has largest cumulative installed solar power capacity
II. Tamil Nadu	Has largest cumulative installed wind power capacity
III. Gujarat	Has largest cumulative installed nuclear power capacity

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) All the three
- d) None

Q.33) Consider the following trees:

- I. Ebony
- II. Mahogany
- III. Rosewood
- IV. Shisham

How many of the above are evergreen trees?

- a) Only one
- b) Only two
- c) Only three
- d) All the four

Q.34) With reference to land-use statistics in India, 2023–24, consider the following statements:

- I. Net Area Sown constitutes the single largest land-use category within the total reported area.
- II. The share of agricultural land in the total reported area declined from about 66.7% in 1950–51 to about 58.6% in 2023–24.
- III. Cropping Intensity in agriculture has more than doubled between 1950–51 and 2023–24.

Which of the statements given above are correct?

- a) I and II only
- b) II and III only
- c) I and III only
- d) I, II and III

Q.35) Which one of the following statements best describes the geological significance of the Dharwar Rock System of India?

- a) It represents the youngest sedimentary rocks formed in river basins.
- b) It consists mainly of volcanic basalt flows formed during the late Mesozoic era.
- c) It represents ancient metamorphosed sedimentary rocks that host major metallic minerals.
- d) It mainly contains limestone formations used in cement industries.

Q.36) More than three-fourths of world's Niobium, a critical mineral required for the variety of applications from superconductivity research to steel manufacturing, is produced by-

- a) China
- b) Chile
- c) Brazil
- d) Australia

Q.37) India has recently decided to establish her first 'National Coral Reef Research Institute' in-

- a) Tamil Nadu
- b) Lakshadweep
- c) Gujarat
- d) Andaman & Nicobar Islands

Q.38) Which among the following countries has a border with the South China Sea?

- a) Japan
- b) Brunei
- c) North Korea
- d) Laos

Q.39) Which of the following statements regarding the Tropical Thorn Forests in India are correct?

- I. They are found in semi-arid climatic conditions where the annual rainfall is generally below 70 cm.
- II. These forests are commonly found in Rajasthan, Gujarat, south-west Punjab and Haryana.
- III. Major plant species found in these forests include Babool, Ber and Khejri.

Select the correct answer using the code given below.

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.40) Consider the following statements regarding salinity conditions in different seas:

- I. The North Sea records relatively low salinity because of its high-latitude location and significant freshwater inflow from rivers.
- II. The Arabian Sea records relatively high salinity because of high evaporation and comparatively limited freshwater inflow.
- III. The Caspian Sea records relatively high salinity because of intense evaporation and its landlocked nature with limited water exchange.

Which of the above given statements is/are correct?

- a) II and III
- b) II only
- c) I and III
- d) I only

Q.41) Consider the following statements:

Statement I: Among the top ten economies of the world, India accounts for the highest percentage share of the services sector in its total Gross Value Added (GVA).

Statement II: According to recent official statistics of the Government of India, the services sector has accounted for more than half of India's total GVA in the last decade.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.42) Consider the following statements:

Statement I: The China Plus One strategy adopted by several multinational corporations may create opportunities for India to expand its manufacturing sector and attract global supply chains.

Statement II: Under the China Plus One strategy, companies seek to diversify their manufacturing and supply chains by establishing production facilities in countries other than China.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.43) Consider the following statements:

Statement I: Regenerative agriculture techniques can serve as a crucial strategy to ensure food security while simultaneously addressing challenges posed by climate change.

Statement II: Regenerative farming practices such as crop diversification, cover cropping and reduced tillage improve soil health, enhance water retention and increase carbon sequestration.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.44) With reference to the Indian economy, the term “gilt-edged market” refers to the market for which of the following?

- a) Crude oil and natural gas
- b) Government securities
- c) Bullions like gold and silver
- d) Equity shares of blue-chip companies

Q.45) Consider the following scenarios:

- I. The government expands public investment in primary healthcare facilities
- II. A company establishes a vocational training institute to enhance the skills of its workforce.
- III. The government constructs a new expressway to improve transportation and logistics efficiency.
- IV. An individual spends money on higher education and professional training.

V. A manufacturing firm purchases new automated machinery to increase production.

How many of the above are examples of investment in human capital formation?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.46) With reference to the global economy, which of the following best describes the term *friendshoring*, recently seen in the news?

- a) A policy of relocating production and supply chains to geographically neighbouring countries to reduce transportation costs.
- b) A policy of extending long-term credit facilities and development finance to countries regarded as close strategic partners.
- c) A policy of relocating production and supply chains to countries regarded as political and economic allies.
- d) A policy of giving preferential market access to goods and services originating from countries considered close diplomatic partners.

Q.47) Consider the following statements regarding India’s Central Bank Digital Currency (CBDC), the Digital Rupee (₹):

- I. It is a legal tender.
- II. The RBI has introduced two variants of the Digital Rupee; ₹-W (wholesale) for interbank and financial market transactions and ₹-R (retail) for consumer and merchant payments.
- III. Unlike bank deposits, the Digital Rupee kept in ₹ wallet does not earn interest.

Which of the statements given above is/are correct?

- a) I only
- b) I and II only
- c) I and III only
- d) I, II and III

Q.48) Consider the following transactions:

- I. Salaries paid to employees of the Government of India.
- II. Remittances sent by Indians working abroad to their relatives in India.
- III. An Indian citizen selling his 5 year old used car to his friend.
- IV. Brokerage earned by a share broker in India on the sale of equity shares.
- V. Purchase of a newly constructed residential house by an Indian individual.

How many of the above are included in the calculation of the Gross Domestic Product (GDP) of India?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.49) Consider the following economic activities:

- I. Processing of raw cotton into finished textile garments in a factory.
- II. Construction of residential buildings by a real estate company
- III. Conversion of iron ore into steel in a steel plant.
- IV. Banking services provided to customers through commercial banks.
- V. Manufacturing of cement using limestone and other raw materials.

How many of the above activities belong to the secondary sector of the economy?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.50) The depreciation of the Indian Rupee against major global currencies can be addressed through several actions by the Government of India and the Reserve Bank of India (RBI). In this context, consider the following actions:

- I. Increase in the policy repo rate by the Reserve Bank of India
- II. Purchase of large quantities of US dollars by the RBI from the foreign exchange market.
- III. Relaxation of norms for External Commercial Borrowings (ECBs) by the RBI.

IV. Reduction in customs duties on a wide range of imported goods by the Government of India.

How many of the above actions are likely to prevent the depreciation of the Indian rupee?

- a) Only one
- b) Only two
- c) Only three
- d) All the four

Q.51) With reference to the proclamation of National Emergency under Article 352 of the Constitution of India, consider the following statements:

- I. A National Emergency can be proclaimed on the grounds of war, external aggression, or armed rebellion.
- II. The freedoms guaranteed under Article 19 automatically remain suspended during a National Emergency irrespective of the ground on which it is declared.
- III. The President can proclaim a National Emergency only after receiving a written recommendation from the Prime Minister.

Which of the statements given above is/are correct?

- a) I only
- b) III only
- c) I and III
- d) I and II

Q.52) Consider the following pairs:

Subject	Explicitly mentioned under (List of Seventh Schedule of the Constitution of India)
I. Fisheries	State List
II. Insurance	Union List
III. Education	State List
IV. Cyber Security	Concurrent List

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) Only three
- d) All the four

Q.53) Consider the following pairs:

Regions often mentioned in news	Reason for being in news
I. Rakhine State	Conflict involving the Rohingya population and armed ethnic groups in Myanmar
II. Durand Line	Disputed border between Pakistan and Afghanistan leading to recurring tensions
III. Golan Heights	Territorial dispute between Israel and Lebanon over strategic border areas

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) All the three
- d) None

Q.54) Consider the following statements:

Statement I: The European Union has recently enforced the Artificial Intelligence Act (EU AI Act), establishing the world's first comprehensive legal framework for the regulation of Artificial Intelligence.

Statement II: To ensure absolute user privacy and prevent online child abuse, the EU AI Act imposes a complete ban on all 'Agentic AI' systems and 'General Purpose AI (GPAI) models' within its member states.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.55) Arrange the following languages in the chronological order with respect to the year in which they were granted the status of "Classical Language" by the Government of India:

- I. Odia
- II. Tamil
- III. Sanskrit
- IV. Prakrit

Select the correct answer using the code given below:

- a) III – II – IV – I
- b) II – III – IV – I
- c) III – II – I – IV
- d) II – III – I – IV

Q.56) With reference to the ICC Women's Cricket World Cup 2025 (ODI), consider the following statements:

- I. The tournament was primarily hosted by India.
- II. India won its first-ever ICC Women's Cricket World Cup title in this tournament.
- III. India defeated Australia in the final by 58 runs to win the championship.
- IV. The tournament featured a total of 12 teams.

Which of the statements given above are correct?

- a) I and II only
- b) I, II and IV
- c) III and IV only
- d) I, II and III

Q.57) Consider the following pairs:

Area of conflict mentioned in news	Country where it is located
I. Natanz	Turkey
II. Darfur	Sudan
III. Novorossiysk	Ukraine

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) All the three
- d) None

Q.58) Which among the following countries has recently become the 11th full member of the Association of Southeast Asian Nations (ASEAN)?

- a) Fiji
- b) Papua New Guinea
- c) Solomon Islands
- d) Timor-Leste

Q.59) Consider the following substances:

- I. Potassium Nitrate as an oxidising agent
- II. Barium compounds to produce green colour
- III. Sulphur as a reducing agent

How many of the above substances are generally used in high quantities as primary components in manufacturing of 'green firecrackers'?

- a) Only one
- b) Only two
- c) All the three
- d) None

Q.60) With reference to the United Nations (UN) Peacekeeping Operations, consider the following statements:

- I. They are deployed under UN mandates to protect civilians and support peace in conflict-affected regions.
- II. The United States of America is currently the largest financial contributor of the UN peacekeeping budget.
- III. India has traditionally been among the largest troop-contributing countries to UN peacekeeping missions.

Which of the statements given above are correct?

- a) I and II only
- b) II and III only
- c) I and III only
- d) I, II and III

Q.61) With reference to modern Indian history, M. Veeraraghavachariar, G. Subramania Iyer, and P. Ananda Charlu are associated with the

establishment of which of the following organisations?

- a) Madras Native Association
- b) Madras Mahajana Sabha
- c) Justice Party
- d) Bombay Presidency Association

Q.62) With reference to Ancient Indian inscriptions, consider the following pairs:

Inscription	Issued by/Associated Ruler
I. Naneghat Inscription	Gautamiputra Satakarni (Satavahana Dynasty)
II. Aihole Inscription	Pulakeshin II (Chalukya Dynasty)
III. Uttaramerur Inscription	Rajaraja I (Chola Dynasty)

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) All the three
- d) None

Q.63) With reference to the Vernacular Press Act, 1878 in modern Indian history, consider the following statements:

Statement I: It was enacted during the viceroyalty of Lord Lytton.

Statement II: Vernacular newspapers had begun to criticise British policies like their famine policy and influence public opinion against colonial rule.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I.
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I.
- c) Statement I is correct but Statement II is not correct.
- d) Statement I is not correct but Statement II is correct.

Q.64) With reference to the Santhal Uprising (1855–56) during India's freedom struggle, consider the following statements:

- I. The uprising was triggered by the exploitation of locals by zamindars, moneylenders and colonial officials in Santhal region.
- II. The rebellion was led by the brothers Sidhu and Kanu, who mobilised the Santhals to resist oppression and establish their own rule.

Which of the following statements is/are correct?

- a) I only
- b) II only
- c) Both I and II
- d) Neither I nor II

Q.65) With reference to the Cabinet Mission Plan of 1946, consider the following statements:

- I. It recommended a Constituent Assembly in which certain members to be elected indirectly by the members of the provincial legislatures.
- II. The Union government proposed under the plan was to have control only over subjects such as defence, foreign affairs and communications.

Which of the statements given above is/are correct?

- a) I only
- b) II only
- c) Both I and II
- d) Neither I nor II

Q.66) Consider the following statements:

Statement I: The United States is currently the world's largest exporter of crude oil by value.

Statement II: The United States is currently the world's largest producer of crude oil.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I.
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I.

c) Statement I is correct but Statement II is not correct.

d) Statement I is not correct but Statement II is correct.

Q.67) With reference to the Open Network for Digital Commerce (ONDC) in India, consider the following statements:

- I. It is an initiative of the Ministry of Electronics and Information Technology (MeitY).
- II. It aims to shift digital commerce from a platform-centric model to an interoperable network, enabling buyers and sellers across different applications to transact with each other.
- III. It is based on open-sourced methodology, using open specifications and open network protocols independent of any specific platform.

Which of the statements given above is/are correct?

- a) I and III only
- b) II only
- c) II and III only
- d) I, II and III

Q.68) Consider the following statements:

Statement I: According to the International Monetary Fund (IMF), global public debt is projected to exceed 100% of global GDP by 2029, reaching the highest level since the aftermath of the Second World War.

Statement II: Persistent high fiscal deficits, rising government borrowing, and growing interest obligations in major economies are key factors contributing to the surge in global public debt.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
- c) Statement I is correct but Statement II is not correct
- d) Statement I is not correct but Statement II is correct

Q.69) With reference to an economy, suppose the Private Final Consumption Expenditure (C) is ₹ 50,000 crores, Gross Domestic Capital Formation (I) is ₹ 15,000 crores, and Government Final Consumption Expenditure (G) is ₹ 12,000 crores. The economy has a Real GDP of ₹ 60,000 crores and a GDP Deflator of 125. The total Exports (X) are ₹ 8,000 crores. Which of the following statements are correct?

- I. Nominal GDP is ₹ 75,000 crores.
 - II. Net Exports (X-M) is ₹ -2,000 crores.
 - III. Total Imports (M) is ₹ 10,000 crores.
- Select the correct answer using the code given below.
- a) I and II only
 - b) II and III only
 - c) I and III only
 - d) I, II and III

Q.70) With reference to the insurance sector in India, consider the following statements:

- I. In India, the Insurance penetration is below the global average.
- II. In the FY 2024, India became the third largest insurance market globally in terms of nominal premium volumes.
- III. Foreign Direct Investment in the insurance sector is currently permitted up to 74% under the automatic route.

Which of the statements given above is/are correct?

- a) I only
- b) I and II
- c) III only
- d) I and III

Q.71) Consider the following countries:

- I. Azerbaijan
- II. Armenia
- III. Turkmenistan
- IV. Pakistan
- V. Afghanistan
- VI. Turkey

How many of the above-mentioned countries share a land border with Iran?

- a) Only three
- b) Only four
- c) Only five
- d) All the six

Q.72) The planet Earth initially was a barren, rocky and hot object with a thin atmosphere primarily composed of-

- a) Oxygen and Nitrogen
- b) Hydrogen and Helium
- c) Carbon dioxide and Nitrogen
- d) Argon and Methane

Q.73) With reference to monsoon in India, consider the following statements:

Statement I: The Tamil Nadu coast of India generally remains dry during the South-West Monsoon season.

Statement II: The Tamil Nadu coast receives a major part of its annual rainfall during the Northeast Monsoon.

Statement III: The Tamil Nadu coast lies parallel to the Bay of Bengal branch and falls in the rain-shadow region of the Arabian Sea branch of the South-West Monsoon.

Which one of the following is correct in respect of the above statements?

- a) Both Statement II and Statement III are correct and both of them explain Statement I.
- b) Both Statement II and Statement III are correct, but only one of them explains Statement I.
- c) Only one of the Statements II and III is correct and that explains Statement I.
- d) Neither Statement II nor Statement III is correct.

Q.74) Consider the following statements:

Statement I: Earth's lithospheric plates move horizontally over the asthenosphere as rigid units.

Statement II: As we move from crust to the core, the average density of the material decreases.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I.
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I.
- c) Statement I is correct but Statement II is not correct.
- d) Statement I is not correct but Statement II is correct.

Q.75) With reference to movement of the ocean water, consider the following statements:

- I. The time between the low tide and high tide, when the water level is rising, is called the ebb.
- II. The time between the high tide and low tide, when the water level is falling, is called the flow or flood.

Which of the statements given above is/are correct?

- a) I only
- b) II only
- c) Both I and II
- d) Neither I nor II

Q.76) With reference to the Tropical Forest Forever Facility (TFFF), consider the following statements:

- I. It was launched at the 30th Conference of the Parties to UNFCCC, held in Belém, Brazil.
- II. India is a founding member and a primary financial contributor to the fund.
- III. It operates on a “payment-for-performance” mechanism, under which participating countries receive financial rewards based on verified preservation of tropical forests.

Which of the statements given above are correct?

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.77) With reference to the environment, the term "Novel Entities" can be best described as:

- a) Naturally occurring biological species that evolve within ecosystems and help maintain ecological balance on the Earth.
- b) Newly evolved organisms that emerge through natural evolutionary adaptation to changing climatic conditions.

- c) Organic compounds produced by plants and microorganisms that support ecological interactions in ecosystems.
- d) Things created and introduced into the environment by human beings that could have positive or negative disruptive effects on the Earth's system..

Q.78) Consider the following statements regarding the Greenhouse Gas Emission Intensity (GEI) Target Rules, 2025 in India:

- I. They constitute India's first legally binding framework for reducing greenhouse gas emission intensity from industrial sectors.
- II. The rules will help operationalise the country's domestic carbon market under the Carbon Credit Trading Scheme (CCTS), 2023.
- III. The sectors such as fertiliser, thermal power generation, automobile manufacturing and food processing industries are the first four sectors to which these rules apply.

Which of the statements given above is/are correct?

- a) I and II only
- b) I only
- c) II and III only
- d) I, II and III

Q.79) In the context of Biotechnology, the 'GLP-1 receptor agonists', recently mentioned in the news, are:

- a) A new class of drugs used for the treatment of Type-2 diabetes and obesity
- b) A class of antiviral drugs used for treating emerging zoonotic infections
- c) A group of monoclonal antibodies used in cancer immunotherapy
- d) A novel category of antibiotics used to combat antimicrobial resistance

Q.80) In the context of biotechnology, which of the following best describes the term 'Bio-hacking'?

- The use of genetically engineered microorganisms to produce medicines, vaccines, and industrial enzymes for large-scale commercial applications.
- The controlled manipulation of cellular processes in laboratories to develop new therapies for genetic disorders and chronic diseases.
- The development of artificial organs and bioengineered tissues through advanced regenerative medicine and tissue engineering techniques.
- The practice of optimizing or modifying one's own biology through self-experimentation, lifestyle changes, supplements, and digital health technologies.

Q.81) With reference to the Anusandhan National Research Foundation (ANRF), consider the following statements:

- It is a non-statutory executive body established by a resolution of the Government of India.
- It acts as an apex body to provide high-level strategic direction of scientific research in the country as per recommendations of the National Education Policy.
- The Union Minister of Science and Technology serves as the ex-officio President of the Governing Board of the ANRF.
- It is funded exclusively through budgetary allocations from the Union Government.

Which of the statements given above is/are correct?

- II only
- I and II
- II and III
- III and IV

Q.82) With reference to the Union Budget of India, consider the following receipts:

- Recoveries of loans granted by Central Government to State and Union Territory Governments
- Proceeds from disinvestment of Central Government equity in Public Sector Undertakings.
- Fees and fines collected by the Central Government.
- Dividends received by the Central Government from Public Sector Undertakings.
- Goods and Services Tax (GST) collections.

How many of the above are treated as Capital Receipts of the Government of India?

- Only two
- Only three
- Only four
- All the five

Q.83) With reference to 6G (Sixth Generation) wireless communication technology, consider the following statements:

- Compared to 5G, it will be using lower radio frequencies which will enable it to handle vast data at once.
- Bharat 6G Alliance is a multi-ministerial convergence initiative aimed to drive indigenous 6G research and development in India.

Which of the statements given above is/are correct?

- I only
- II only
- Both I and II
- Neither I nor II

Q.84) With reference to Web3 technology and its ecosystem, consider the following statements:

- I. Unlike Web 2.0 where data is stored in centralized repositories, Web 3.0 enables data to be stored in multiple locations simultaneously through decentralized data networks.
- II. Technologies such as decentralized finance (DeFi), non-fungible tokens (NFTs) and decentralized autonomous organizations (DAOs) form part of the emerging Web3 ecosystem.
- III. It can be used by credit-scoring agencies to share information about a customer with lenders without revealing the customer's personal financial information.

Which of the statements given above are correct?

- a) I, II and III
- b) I and II only
- c) II and III only
- d) I and III only

Q.85) With reference to CRISPR-Cas9, consider the following statements:

- I. It is a gene-editing technology derived from the natural immune defense mechanism of bacteria.
- II. Lyfgenia is the world's first approved CRISPR-Cas9 gene-edited cell therapy for the treatment of sickle cell disease.
- III. The use of CRISPR-Cas9 technology in human embryos could enable the selection or enhancement of genetic traits in future children, raising the possibility of "designer babies".

Which of the statements given above are correct?

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.86) With reference to recent space missions, consider the following pairs:

Space Mission	Description/ Objective
I. TRACERS	Earth observation mission to monitor small changes in land surface, glaciers and ecosystems using dual-frequency radar.
II. Europa Clipper	Mission designed to land a rover on Jupiter's moon to drill through its icy crust and search for life.
III. PLATO	Mission aimed at detecting Earth-like exoplanets around bright stars and studying their internal structure.
IV. Proba-3	Mission using two satellites flying in formation to create artificial solar eclipses for studying the Sun's corona.

How many of the pairs given above are correctly matched?

- a) Only one
- b) Only two
- c) Only three
- d) All the four

Q.87) The terms 'O3b mPower', 'Global Xpress (GX)' and 'EchoStar', often mentioned in the news, are primarily related to-

- a) Deep-space exploration missions for studying outer planets.
- b) Reusable space launch vehicle programmes.
- c) Global satellite communication and broadband internet systems.
- d) Space-based solar power generation projects.

Q.88) With reference to the S-400 Triumf Air Defence System, often referred to in India as the “Sudarshan Chakra”, consider the following statements:

- I. It is a surface-to-air missile system capable of engaging aerial targets at ranges up to about 400 km.
- II. It is a joint air-defence system developed by the Defence Research and Development Organisation (DRDO) of India and Rosoboronexport of Russia.

Which of the statements given above is/are correct?

- a) I only
- b) II only
- c) Both I and II
- d) Neither I nor II

Q.89) With reference to Launch Vehicle Mark-3 (LVM3) of the Indian Space Research Organisation, which of the following statements are correct?

- I. It can place about 4 tonnes of payload into Geosynchronous Transfer Orbit and about 8 tonnes of payload into Low Earth Orbit.
- II. It has a two-stage configuration consisting of solid boosters and a cryogenic upper stage.
- III. The Chandrayaan-2 and Chandrayaan-3 missions were launched using the LVM3 launch vehicle.

Select the correct answer using the code given below:

- a) I and II only
- b) II and III only
- c) I and III only
- d) I, II and III

Q.90) With reference to Green Methanol, consider the following statements:

- I. It can be produced by synthesizing green hydrogen with carbon dioxide captured through Carbon Capture and Utilisation (CCU).

II. Its use as a fuel can significantly reduce emissions of sulphur oxides (SO_x), nitrogen oxides (NO_x) and particulate matter compared to conventional fossil fuels.

III. Its combustion produces only water vapour and does not release any carbon dioxide.

Which of the statements given above are correct?

- a) I and II only
- b) I and III only
- c) II and III only
- d) I, II and III

Q.91) With reference to the Urban Challenge Fund (UCF), recently mentioned in news, consider the following statements:

- I. Under the Fund, Central assistance will cover 25% of the project cost, subject to raising a minimum 50% of the project cost from the market sources.
- II. In order to facilitate first-time access to market finance for certain Cities/Urban Local Bodies, a Credit Repayment Guarantee Scheme of ₹5,000 crore has been approved.

Which of the following statements is/are correct?

- a) I only
- b) II only
- c) Both I and II
- d) Neither I nor II

Q.92) Consider the following statements:

The Inflation-Indexed Bonds (IIBs) in India provides protection on its:

- I. Principal payment
- II. Interest payment

Which of the statements given above is/are correct?

- a) I only
- b) II only
- c) Both I and II
- d) Neither I nor II

Q.93) In the context of the Indian economy, which of the following best describes the term “Crowding Out Effect”?

- a) A situation where private sector investment increases due to a fall in government expenditure.
- b) A situation where government spending directly increases private investment through subsidies.
- c) A policy in which the government reduces taxes to stimulate private consumption and investment.
- d) A situation where increased borrowing by the government from the market decreases the quantity of funds available for private sector investment.

Q.94) If the ratio of manufacturing to agriculture sector deflators is greater than 1 in an economy, it indicates:

- a) Manufacturing prices are rising more rapidly relative to agricultural prices and better Terms of Trade for the manufacturing sector.
- b) Agricultural prices are rising more rapidly relative to Manufacturing prices and better Terms of Trade for the manufacturing sector.
- c) Manufacturing prices are rising more rapidly relative to agricultural prices and better Terms of Trade for the agricultural sector.
- d) Agricultural prices are rising more rapidly relative to Manufacturing prices and better Terms of Trade for the agricultural sector.

Q.95) With reference to healthcare financing in India, consider the following statements:

Statement I: India has one of the highest Out-of-Pocket Expenditure (OOPE) as a percentage of Total Health Expenditure (THE).

Statement II: Public expenditure on healthcare in India has generally remained below 2% of GDP, which is considered low by global standards.

Which one of the following is correct in respect of the above statements?

- a) Both Statement I and Statement II are correct and Statement II explains Statement I.
- b) Both Statement I and Statement II are correct but Statement II does not explain Statement I.
- c) Statement I is correct but Statement II is not correct.
- d) Statement I is not correct but Statement II is correct.

Q.96) Consider the following states:

I. Andhra Pradesh

II. Telangana

III. Karnataka

IV. Gujarat

V. Maharashtra

How many of the above States in India currently have a bicameral legislature?

- a) Only two
- b) Only three
- c) Only four
- d) All the five

Q.97) With reference to Contempt of Court in India, which of the following statements is/are correct?

- I. The Constitution of India explicitly defines civil contempt and criminal contempt of court and prescribes the punishment for both.
- II. Civil contempt includes wilful disobedience of a court's judgment, decree, direction, order, writ or breach of an undertaking given to the court.
- III. Fair and accurate reporting of judicial proceedings and reasonable criticism of a judgment after the case is decided do not amount to contempt of court.

Select the correct answer using the code given below.

- a) I and II only
- b) III only
- c) II and III only
- d) I, II and III

Q.98) Consider the following information:

- I. Armed gangs control nearly 80–90% of the capital city and key access routes.
- II. The country functions as a transshipment hub for cocaine and cannabis moving from Latin America to North America and Europe.
- III. The country has not held general elections for nearly a decade and is currently governed by a transitional council tasked with conducting elections.

Which one of the following countries is best described in the information given above?

- a) Honduras
- b) Haiti
- c) Guatemala
- d) Mexico

Q.99) With reference to the Genetic Engineering Appraisal Committee (GEAC) in India, consider the following statements:

- I. It functions under the Ministry of Environment, Forest and Climate Change.
- II. It is responsible for appraisal of activities involving large scale use of hazardous microorganisms and recombinants in research and industrial production from the environmental angle.
- III. It is responsible for appraisal of proposals relating to release of genetically engineered (GE) organisms and products into the environment including experimental field trials.

Which of the statements given above are correct?

- a) I and II only
- b) II and III only
- c) I and III only
- d) I, II and III

Q.100) With reference to the Comptroller and Auditor-General (CAG) of India, which of the following statements are correct?

- I. S/he is appointed by the President of India by warrant under his/her hand and seal.

II. S/he shall not be eligible for further office either under the Government of India or under the Government of any State after s/he has ceased to hold the office.

III. The administrative expenses of the office of the CAG are charged upon the Consolidated Fund of India.

IV. S/he is empowered to audit the accounts of the Union, the States and other authorities or bodies as prescribed by Parliament by law.

Select the correct answer using the code given below.

- a) I and III only
- b) II and IV only
- c) I, III and IV only
- d) I, II, III and IV
